Minutes of the Meeting- July 9, 2019

The Cemetery Trustees met at Sunnyside Cemetery at 5:00 p.m. where they were taught the proper way to clean cemetery stones and markers. A number of stones made of different materials were cleaned. There was a concern noted that it appears that someone has been bleaching stones in the cemetery. Though the stones look very clean, this is not the proper way to clean them and it does damage to the stones. The Trustees cleaned stones until 7:00 p.m.
